Visual School Schedule

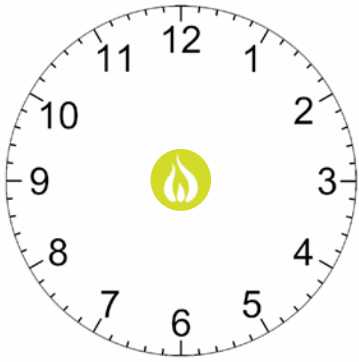

We hope you will use this tool to help your learners know what to expect from their day and lower any anxiety they may have by setting expectations. These pages contain clocks/times plus school activities for your home classroom. There are editable pages included too for any activities we may not have covered.

To use the editable form fields, please make sure you open the PDF using the most recent version of Adobe Reader. Type your text in the blue boxes on each card. Save your work and print the cards.
